### E-learning in healthcare: Does it make any difference?

**EAUN Industry Session by WELLSPECT**

**Location:** Room 5  
**Chair:** B.T. Jensen, Aarhus (DK)

**Aims and objectives of this presentation**

Can we use digital solutions in healthcare and whom does it benefit?  
This session provided by Wellspect offers a brought perspective on different approaches and consequences of implementing digital solutions in practice.  
Do all people need a notebook or a smart-phone in the near future to assure appropriate care and education?  
Can we reduce unmet needs among our patients?  
Can we improve knowledge, quality of care and communication with the patients? And what’s in it for healthcare professionals?  
The faculty of this session will touch base on the variety of questions and possibilities digital solutions add to healthcare

**Panel:**  
- M. Rasmussen, Holte (DK)  
- D. Stricker, Aarhus (DK)  
- S. Vahr Lauridsen, Copenhagen (DK)
