Poster Session 1

**Location:** Room 5

**Chairs:**
- J.T. Marley, Newtownabbey (GB)
- S. Terzoni, Milan (IT)

**Aims and objectives of this presentation**
In this session, the posters selected by the jury among many high-quality works submitted by our delegates will be presented. The aim is to discuss practical topics, relevant clinical issues, and findings from research conducted by nurses and applied to everyday practice. Different fields of urological nursing will be covered, as well as related issues.

Poster viewing of 30 minutes. Short introduction of 4 minutes by the chair of the session. Presentations will take place on stage. Standard presentations are 6 minutes in length, followed by 2 minutes for discussion.

**14:00 - 14:30 Poster viewing**

**01** Incidence and impact of urinary tract infections (UTI) when starting intermittent catheterisation (IC) and the effect on quality of life (second preliminary analysis)
*By:* Mulder H.
*Institutes:* Martini Hospital, Dept. of Urology, Groningen, The Netherlands

**02** Embedding a Prostate Cancer Survivorship Pathway using PDSA cycle
*By:* Allchorne P.¹, Kinsella J.², Fleure L.¹, Clovis S.¹, Briggs K.¹, Hazel E.¹, Cahill D.², Dasgupta P.¹, Veal I.¹, Smith S.¹, Green J.S.A.³
*Institutes:* ¹Guy’s and St Thomas’ NHS Foundation Trust, Dept. of Urology, London, United Kingdom, ²The Royal Marsden NHS Foundation Trust, Dept. of Urology, London, United Kingdom, ³Barts Health (Whipps Cross), Dept. of Urology, London, United Kingdom

**03** Preparing patients for the future using erectile dysfunction and continence seminars
*By:* Allchorne P.¹, Kinsella J.², Briggs K.¹, Hazel E.¹, Dasgupta P.¹, Cahill D.², Green J.S.A.³
*Institutes:* ¹Guy’s and St Thomas’ NHS Foundation Trust, Dept. of Urology, London, United Kingdom, ²The Royal Marsden, NHS Foundation Trust, Dept. of Urology, London, United Kingdom, ³Barts Health (Whipps Cross), Dept. of Urology, London, United Kingdom

**04** Comparison of the effect of support power of underwear and pelvic floor muscle training for reducing women’s urinary incontinence
*By:* Okayama H.¹, Ninomiya S.², Naito K.², Nakanishi K.³, Saito Y.⁴
*Institutes:* ¹Shiga University of Medical Science, Dept. of Nursing, Otsu, Japan, ²Graduate School of Medicine, Kyoto University, Dept. of Human Health Science, Kyoto, Japan, ³Biwako Gakuin University, Dept. of Childhood Care, Higashiomi, Japan, ⁴Aino University, Dept. of Nursing, Ibaraki, Japan

**05** Effectiveness of the enlightenment using a leaflet of self-care for prevention and improvement of urinary incontinence in women
*By:* Naito K.¹, Ninomiya S.², Nakanishi K.³, Saito Y.⁴, Okayama H.³
