**Thematic Session 7**

**Neoadjuvant treatments for bladder cancer**

**Location:** Room 5  
**Chair:** P. Allchorne, London (GB)

**Aims and objectives of this presentation**
- What is the role of neoadjuvant treatments and bladder cancer?  
- What is the role of a nurse looking after a patient receiving neoadjuvant treatment?  
- What support should patients receive pre, during and after neoadjuvant treatments?  
- What are the pros and cons of neoadjuvant treatments prior to surgery or radiotherapy?  
- Are there any future developments?

**Panel:**
- P. Allchorne, London (GB)  
- J. Borwell  
- E. Van Der Laan, Amsterdam (NL)  
- B.W.G. Van Rhijn, Amsterdam (NL)
