### Aims and objectives of this presentation

In this session, the posters selected by the jury among many high-quality works submitted by our delegates will be presented. The aim is to discuss practical topics, relevant clinical issues, and findings from research conducted by nurses and applied to everyday practice. Different fields of urological nursing will be covered, as well as related issues.

Poster viewing of 30 minutes. Short introduction of 4 minutes by the chair of the session. Presentations will take place on stage. Standard presentations are 6 minutes in length, followed by 2 minutes for discussion.
